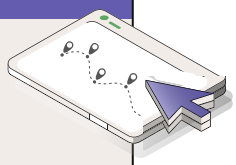
PRESCHOOL

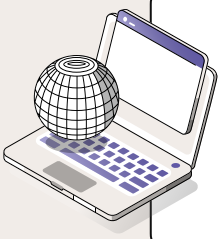
VCU-RRTC ace
Autism Center for Education

Quality early childhood experiences help 'set the stage' for a lifetime of learning. Explore these resources to strengthen your skills for supporting young autistic learners.



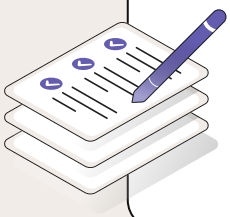
Just the Basics Course

This online course is a great first step in building impactful practices in early care and education for young children with autism. Learn core characteristics, explore evidence-based strategies, and create a personalized plan for your professional growth.



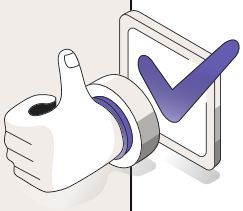
Early Childhood Website

Every child's journey with autism is unique, and you don't have to navigate it alone. Our Early Childhood website connects educators and caregivers with easy-to-access resources and practical, everyday strategies to support preschool students learning and help build a foundation for lifelong success.



Early Childhood Communication Toolkit

Looking to amplify the voices of your students? The *Early Childhood Toolkit* includes learning boosts on communication and social skills topics in less than ten minutes! Each toolkit provides a microlearning lesson, a factsheet, and two teaching activities that are easy to apply within the school day.



More Resources

Explore our growing collection of resources curated by the ACE team specifically for preschool. We frequently add new tools and external links to ensure you always have access to the most relevant information.
